## CORE SKILLS

**Programming Languages:** C, JavaScript, Typescript

**Front-End Technologies:** HTML, CSS, JavaScript, React (Beginner)

**Frameworks/Libraries:** Bootstrap, Tailwind CSS, Material UI

**Development Tools:** Git, NPM, Redux

**Additional Skills:** Responsive Web Design, API Integration, Problem Solving

## WORK EXPERIENCE

### CodSoft (Virtual Internship) | Web Development Intern

(June'23 - Jul'23)

- ❖ **eCommerce Landing Page:** Developed a responsive eCommerce landing page using HTML, CSS, and JavaScript, ensuring a modern, user-friendly design.
- ❖ **Portfolio Website:** Designed and launched a personal portfolio website, demonstrating clean UI principles and smooth navigation, leading to increased project showcase efficiency.
- ❖ **Functional Calculator:** Created a fully functional calculator using JavaScript for basic arithmetic operations, ensuring an intuitive user interface.

## PROJECTS

### Food Delivery E-commerce Frontend Website - HTML, CSS, JavaScript, Bootstrap.

- Built shopping cart functionality with data and address saved in local storage.
- Created an unavailable ordering feature from 8 PM to 9 AM, disabling user interactions during those hours.
- Integrated Tidio API for live chat functionality, enhancing real-time user engagement.

### GitHub Profile Details Fetcher (API Integration) - React.js, Tailwind CSS

- Developed a React app that retrieves and displays GitHub user profiles and repositories using GitHub API.
- Implemented API integration to retrieve user repositories, and profile information such as username and email.
- Utilized JSX-based React components for efficient data handling and optimized rendering.

### Zomato Website Clone:- React.js, Redux, Tailwind CSS.

- Employed React Router for seamless client-side routing and navigation.
- Connected Appwrite backend for API integration, user authentication, and order management.
- Solved state management challenges with Redux Toolkit, improving data flow.

## EDUCATIONS

**Swami Vivekanand University, India**

2024- 2027

B.Tech in Computer Science & Engineering

**Dumkal Polytechnic, India**

2022- 2024

Diploma Engineering in Computer Science and Technology | CGPA: 9.1

## CERTIFICATIONS

- Responsive Web Developer approximately 300 hour work - Certified by freecodecamp
- Build Responsive Real-World Websites with HTML and CSS - Certified by Udemy
- Complete CSS Essential Training - Certified by LinkedIn
